David West, P.E., C.F.M.  
Flood Control District Engineer

Nicholas S. Hont, P.E.  
Department Director

08/19/2013

To All Lenders, Real Estate Agents, and Insurance Agents:

Dear Sir/Madam:

The Mohave County Flood Control District is part of NFIP's (National Flood Insurance Program) Community Rating System. Mohave County is currently at a Class 6 rating. This represents a 20% discount in flood insurance premiums for properties located in a FEMA designated Special Flood Hazard Area (SFHA). The Class 6 rating also represents a 10% discount in flood insurance premiums for properties located outside a FEMA SFHA.

This rating has been achieved through providing services such as copies of Elevation Certificates and Flood Insurance Rate Map information to all requesting parties.

Requests for Flood Insurance Rate Map (FIRM) information or copies of elevation certificate's can be obtained by completing and faxing the attached document. As an alternative, this office can assist you in navigating FEMA's Map Service Center website ([www.msc.fema.gov](http://www.msc.fema.gov)) to locate and print a FIRMette (a copy of the applicable portion of the FIRM panel) for your area of interest.

As a new service of the Flood Control District, most elevation certificates can now be downloaded directly off of the Mohave County GIS site.

If you have any questions or if we can be of further assistance please feel free to contact our office at (928) 757-0925.

Thank you,

Flood Control District Staff
